

SCIENTIFIC PROGRAM

SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

2nd International Conference on Neuropsychiatry

Theme: Exploring the Frontiers of Brain Science and Mental Health in Neuropsychiatry

Date

Nov 11-12, 2026

Venue

Bangkok, Thailand

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

“Unlocking the Mysteries of the Brain and Mind: Join us at Neuropsychiatry 2026”

We are delighted to welcome you to the **2nd International Conference on Neuropsychiatry** (Neuropsychiatry 2026), scheduled for **November 11-12, 2026** in **Bangkok, Thailand**. This prestigious event will bring together leading experts, researchers, and clinicians in the field of neuropsychiatry to explore the intricate connection between the brain and mind.

Theme: Exploring the Frontiers of Brain Science and Mental Health in Neuropsychiatry.

Don't miss the chance to be part of this ground breaking event in one of the world's most iconic cities—Bangkok, Thailand. We look forward to welcoming you to Neuropsychiatry 2026, where the future of brain-mind research and treatment will be unveiled.

Conference Schedule

Day 1 - November 11, 2026 (Wednesday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - November 12, 2026 (Thursday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

2nd International Conference on Neuropsychiatry

November 11-12, 2025 | Bangkok, Thailand

SPEAKER PRESENTATIONS

Title: Clinical experience with botulinum toxin therapy in children with headaches resistant to medical treatment in the Russian Federation

Ekaterina Lukianova, St. Luka's Medical Research Center for Children, Russian Federation

Title: The neuropsychiatric consequences of traumatic brain injury

Ishwar Dayal Chaurasia, LN Medical College, India

Title: From symptoms to diagnosis: Clinical and instrumental criteria of panencephalitis. A case report of fulminant subacute sclerosing panencephalitis in a vaccinated child

Title: The surgeon's blind spot: A narrative review of psychological risks and assessment strategies in invasive aesthetic surgery patients

Harmeen Kaur Jagpal, University Hospitals Birmingham, UK

Title: Effect of cognitive interventions in children with autism spectrum disorder

Kalaivani. P, SRM University, India

Title: Role of magnetic resonance imaging and diffusion tensor imaging in evaluation of MCI

Huda Hassan Sakr, Mansoura University Hospital, Egypt

Title: Effectiveness of virtual and augmented reality on imbalance in patients with neurological disorders: A pilot study

Archana Ranade, Deenanath Mangeshkar Hospital and Research center, India

Title: Alzheimer's disease and down syndrome: Awareness, sensitization, and acceptance

Kalliopi(Epi) Michi –Zeggou, Greek Alzheimer federation, Greece

Title: Spectrum of movement disorders in psychiatric patients receiving Selective Serotonin Reuptake Inhibitors at a tertiary care centre: A prospective cohort study

Arkaprava Mahapatra, IPGMER and SSKM Hospital, India

Title: Adjuvant mood stabilisers for long-term management of treatment-resistant schizophrenia: A case report

Fumnanya Anyameluhor, Elysium Healthcare, UK

Title: Psychosocial factors in injury recovery and return-to-sport outcomes among competitive athletes: A prospective observational study

Janani Ramachandran, Sri Sakthi Multispeciality Hospital, India

Title: Multiple brain abscesses secondary to odontogenic infection in an immunocompetent adult: Case report and review of the literature

Aquiles Domínguez Luengo, Chile

Title: Comparison of pain perception thresholds using electrical algometry between migraine patients and healthy individuals

Renata Micheline Guidi, University of Campinas (UNICAMP), Brazil

Title: Childhood autism rating scale-2nd edition as a tool for monitoring response and intervention efficacy in core symptoms of autism spectrum disorder

Papiya Khawash, Peerless Hospital & B.K. Roy Research Centre, India

Title: Effects of digital overload on attention span among Gen Z

Mahasweta Dutta, India

Title: Kynurenine pathway metabolism in suicidal crises

Rabah Tamimou, Nimes University Hospital, France

Title: Association between social support, family environment, and psychological well-being among LGBTQ+ individuals: A cross-sectional study

Sahil Srivastava, Kailash Institute of Nursing and Paramedical Sciences, India

Title: JAG2-related limb girdle muscular dystrophy: First cases in Latin America and description of two novel variants

Leidys Pedrozo García, Pontifical Catholic University of Rio Grande do Sul, Brazil

Title: Medical management of Drug Resistant Epilepsy (DRE)

Vinay Agarwal, Vinay Agarwal Neurology Clinic, India

Title: High-phenolic extra virgin olive oil modulates metabolomic, lipidomic, and transcriptomic pathways associated with cognitive and inflammatory outcomes in mild cognitive impairment

Sofia Prodromou, Aristotle University of Thessaloniki, Greece

Title: Study of personality profile of patients diagnosed with schizophrenia and bipolar affective disorder on Rorschach Inkblot Test

Asha Manavi, India

Title: Ciprofloxacin-induced unilateral tremor and weakness mimicking acute ischemic stroke: A case report

Abhigyan Dwivedi, Ipswich Hospital, Australia

Title: Exploring alexithymia in alcohol dependence: Influence of tobacco use - A comparative cross-sectional study

Raghav Singh, KVG Medical College & Hospital, India

Title: Is being a doctor worthwhile?

Gabriela Massaro Carneiro Monteiro, Brazil

Title: Therapist-led, Hybrid individualized cognitive stimulation therapy for a person living with dementia in India: A case report

Mrunal Gokhale, Mrunal's Counselling Services, India

Title: Long-term mental health sequelae of childhood trauma: A psychosocial and neurobiological inquiry in Northwest Nigeria

Abdullahi Abdulwahab Yakubu, Ahmadu Bello University, Nigeria

Presentations

Title: Role of strength-based parenting in enhancing psychological flexibility among adolescents

Harshita Ahuja, India

Title: Understanding the impact of sexual and physical trauma on hypermasculinity and sexual shame in men while finding the relationship between hypermasculinity and sexual shame

Kamya Ahuja, Amity University, India
